I am desired to state that in connection with the grant of a site in the northern portion of the Public Square behind the Police Station, Basavangudi, for the construction of a Middle School, the question as to whether the area belongs to the Municipality or the Government has been raised It is understood that when the Basavangudi extension was originally formed in the year 1898, Government paid for all the acquisition of the lands and laid out the extension The question of ownership of the tope and mutt at the eastern end of the Square seems to have also been raised in another connection, when it was found that the land belonged to Government I am to request you to kindly look into the references in your office and say whether the area belongs to Government or to the Municipality
